

*ARENISCAS DE SAN JUAN, white 2021*

*ARENISCAS DE SAN JUAN is a unique wine from one of the oldest vineyards in Rioja, and shows Rioja recovering from phylloxera plague. This is a vineyard planted in sandstone rock and reflects the old Rioja white varieties (malvasia de rioja y viura) and its minerality.*

*ARENISCAS DE SAN JUAN 2021 is mostly Malvasia de Rioja and Viura with some other white grapes, fermented and matured in French oak bocooy and barrel for one year.*

*A deep wine with initial nose of white fruits, read apple and pear, and a constant evolution to white flowers and aromatic herbs. It has intensity, with large body, it shows harmony and its very persistent due the old malvasia de rioja grapes.*

*Completely artisanal cultivation methods, exclusively by hand, with absolute respect to biodiversity, no herbicides used and treatments based on own develop formulations based on biomaterials. Hand harvested in 10 kg boxes*
